THROUGHOUT THE HEALTH CARE WORLD, WHEN THE NAME RICHMOND IS MENTIONED, QUALITY COTTON PRODUCTS IMMEDIATELY COME TO MIND.

It is no wonder – we have been manufacturing them since 1895.

What began as cotton pellets and cotton balls expanded into braided cotton rolls, sponges, pound rolls and header rolls; today we offer a full line of premium quality, single use, disposable products and dispensers designed to make life easier for the health care professional. Our production is vertically integrated which allows us to control the manufacturing quality process from purifying the cotton through to the finished product. Innovation has long been the hallmark for the Richmond brand for over 130 years.

It has been well over a century since Richmond started manufacturing and we still hold true to our core values: quality in product, integrity in service, and loyalty to customers.

Richmond is a division of Sionbrands.

Sionbrands, a collaborative venture between Sion Medical and Degasa, operates as the group's headquarters in the United States.

Sionbrands is a prominent producer of disposable skin cleansing and dermatological treatment products, advanced wound care solutions, burn remedies, and surgical items for healthcare professionals.

Braided Rolls

Over the years, Richmond Dental & Medical has continually provided the highest quality Braided Cotton Roll; this superb product has become the preferred choice of dental professionals. Our attention to creating the best dental roll has resulted in a product with superior absorbency, flexibility and comfort.

Item	Description	Case Count

201219	3/4" Pedo Roll Small Diameter (5/16"), 1400/Box, Non-Sterile	4 boxes

- Does not stick to mucosa.
The 100% cotton braided roll is held together with silky yarn instead of starch (which cause the roll to stick to mucosa), resulting in ultimate comfort for the patient.
- Unique wicking action provides a drier field and outstanding durability as our Braided Rolls absorb up to 30% faster.
- Made with purified medical-grade cotton
- Innovative flexible design for a secure fit into the buccal curvature and the sublingual space.

Wrapped Rolls

Our Wrapped Rolls are a great, reliable alternative among dental rolls. Their soft, nonwoven absorbent casing contains no starch which means they will not stick to mucosa.

Item	Description	Case Count
200404	1 1/2" Med. Diameter (3/8"), 2000/Box, Non-Sterile	12 boxes
200406	1 1/2" Med. Diameter (3/8"), 2000/Box, Sterile	12 boxes

- 100% purified medical-grade cotton interior wrapped in nonwoven fabric.
- Sealed with adhesive approved by the FDA.
- Starch-free; will not stick to mucosa.

Econo Rolls

Richmond Dental & Medical Econo Rolls are for practices whose first consideration is price. Made with 100% cotton with a methylcellulose binder, the absorbent roll is smooth and rigid.

Item	Description	Case Count
216206	1/2" Med. Diameter (3/8"), 2000/Box, Non-Sterile	12 boxes

Reflective Shields Plus®

The Reflective Shields Plus® are exceptionally popular with both dentists and patients. And it's no wonder: they are uniquely crafted to provide absorption and superior illumination during common procedures. The cheek retractor specially designed heart shape and distinctive reflective film are both innovative and practical.

Item	Description	Case Count
600700	Large Reflective Shields 41.8 mm Wide; 50 Shields/Box	20 boxes
600710	Small Reflective Shields 36.1 mm Wide; 50 Shields/Box	20 boxes
600720	Dual Pack Reflective Shields 25 Large; 25 Small/Box	20 boxes

- Does not swell in mouth and compromise the work area
- Greater absorbency providing a dry field within seconds
- Added comfort; Special heart shape easily accommodates buccal curvatures and keeps shield in check with the parotid gland
- Unique reflective film allows illumination of the oral cavity
- Durable nonwoven absorbent material for moisture retention
- Ideal for various procedures such as sealants, composite fillings, restorations and crown preps

Pellets & Pellet Refills

They are small, but that doesn't keep them from doing their job well. Richmond Dental & Medical's 100% Cotton Pellets are designed to provide outstanding quality and absorbency in a variety of uses.

Item	Description	Case Count
100106	Size 1 - 9/32" Diameter 2000 Pellets/Box	6 boxes
100107	Size 2 - 7/32" Diameter 2550 Pellets/Box	6 boxes
100108	Size 3 - 5/32" Diameter 2500 Pellets/Box	12 boxes
100109	Size 4 - 1/8" Diameter 3000 Pellets/Box	12 boxes
100900	Assorted Sizes (12 total refills) 2-#1, 4-#2, 4-#3, 2-#4	1 box
100901	9/32" Diameter, Size 1 Refills 12 Refills/Box	1 box
100902	7/32" Diameter, Size 2 Refills 12 Refills/Box	1 box
100903	5/32" Diameter, Size 3 Refills 12 Refills/Box	1 box
100904	1/8" Diameter, Size 4 Refills 12 Refills/Box	1 box

Dispensers

Infection Control Roll Dispenser

Designed for infection control, dispensing one sterile cotton roll at a time, sterilization in autoclave or chemclave and keeps rolls sterile until use.

600601	Temple Pellet Dispenser Plastic w/ 10 Refills	1 dispensers

Multiply™ Nonwoven Sponges

Richmond Dental & Medical 8 layer MultiPly® Rayon/Polyester Nonwoven Sponges and are perfect for oral surgery and periodontic applications. These additional layers provide twice the absorption of traditional sponges.

Item	Description	Case Count
300637	2X2 8-ply, Rayon/Polyester, Non-Sterile 100 Sponges/Sleeve	30 sleeves
300638	3X3 8-ply, Rayon/Polyester, Non-Sterile 100 Sponges/Sleeve	25 sleeves
300639	4X4 8-ply, Rayon/Polyester, Non-Sterile 100 Sponges/Sleeve	20 sleeves

Steripockets™

Contains two, pre-sterilized packets of cotton-filled or Rayon/Poly nonwoven sponges. Economically and professionally packaged,

Item	Description	Case Count
300408	2X2 Sterile Cotton-Filled Sponges 2 Sponges/Pak, 300 Paks/Box	8 boxes
303120	2X2 Sterile N/W 8-Ply Rayon/Poly Sponges 2 Sponges/Pak, 200 Paks/Box	4 boxes
303122	4x4 Sterile N/W 8-Ply Rayon/Poly Sponges 2 Sponges/Pak, 100 Paks/Box	4 boxes

100% Cotton Nonwoven Sponges

The 100% Cotton Nonwoven Sponge is the perfect general use sponge combining the most desirable characteristics of sponges into one product. It features a smooth, textured and lint-free surface that provides exceptional patient comfort and maximum absorbency.

Item	Description	Case Count
300631	2X2 4-ply, 100% Cotton, Non-Sterile 200 Sponges/Sleeve	25 sleeves
300632	3X3 4-ply, 100% Cotton, Non-Sterile 200 Sponges/Sleeve	20 sleeves
300633	4X4 4-ply, 100% Cotton, Non-Sterile 200 Sponges/Sleeve	10 sleeves

Rayon/Polyester Nonwoven Sponges

Richmond Dental & Medical's Nonwoven Rayon/Polyester Sponges are an economical and lint-free alternative. They will not leave fibers in dental work, nor will they leave lint residue on instruments when used for cleaning.

Item	Description	Case Count
300634	2X2 4-ply, Rayon/Polyester, Non-Sterile 200 Sponges/Sleeve	25 sleeves
300635	3X3 4-ply, Rayon/Polyester, Non-Sterile 200 Sponges/Sleeve	20 sleeves
300636	4X4 4-ply, Rayon/Polyester, Non-Sterile 200 Sponges/Sleeve	10 sleeves

All Gauze Sponges

All Gauze Sponges have a loose weave, giving them a textured, cheesecloth-like appearance and a slightly abrasive surface, which means they provide a good grip.

	Description	Case Count
300430	2X2 8-ply, Non-Sterile 200 Sponges/Sleeve	25 sleeves
300420	2X2 12-ply, Non-Sterile 200 Sponges/Sleeve	25 sleeves
300421	3X3 12-ply, Non-Sterile 200 Sponges/Sleeve	20 sleeves
300422	4X4 8-ply, Non-Sterile 200 Sponges/Sleeve	20 sleeves
300423	4X4 12-ply, Non-Sterile 200 Sponges/Sleeve	10 sleeves

Cotton-Filled Sponges

This variety of sponge looks similar to the all-gauze variety with its cheesecloth-like outer layer, but it contains a layer of pure cotton on the inside. This provides extra absorbency, as well as additional patient comfort. The cotton-filled sponge is dentists' traditional, reliable choice.

Item	Description	Case Count
300410	2X2 8-ply, Non-Sterile 200 Sponges/Sleeve	25 sleeves
300405	2X2 8-ply, Sterile 200 Sponges/Sleeve	25 sleeves
300311	3X3 8-ply, Non-Sterile 200 Sponges/Sleeve	20 sleeves
300312	4X4 8-ply, Non-Sterile 200 Sponges/Sleeve	10 sleeves

Cotton Tipped Applicators

Cotton tipped applicators are useful when applying medicaments or in general wound care. Three and six inch length sizes are available.

Item	Description	Case Count
400402	3" Cotton-Tipped Applicators, Non-Sterile 100/Pak, 10 Paks/Box	10 boxes
400401	6" Cotton-Tipped Applicators, Non-Sterile 100/Pak, 10 Paks/Box	10 boxes

- 100% purified medical grade cotton tip
- Secure wooden stem

Medical Cotton Balls

Even products that seem as simple as this can make a difference to your patients. Their versatility and ease of application will make a difference to your practice.

Item	Description	Case Count
1871061	Cotton Balls Med. N/S 2000 Balls/Bag	2 bags
1871001	Cotton Balls Large N/S 1000 Balls/Bag	2 bags

- 100% cotton
- Ideal for general use
- High absorbency
- Soft and compact

1 Pound Roll

The cotton pound roll by definition is a 12" wide cotton roll weighing 16 ounces. The support and comfort will be felt by your patient..

Item	Description	Case Count
1098401	1 lb. Non-Sterile Cotton Roll 12" wide, Non-Sterile	25 rolls

- 100% purified medical-grade cotton
- Multi-purpose use
- High absorbency
- Perfect for cushioning or dressing

Soft Bite Block[®]

The Soft BiteBlock's dense cylindrical shape allows for consistent compression performance when placed between a patient's molars with the tongue positioned medially.

Item	Description	Case Count
260000	3/4" dia x 4", Bulk, Large, Non-Sterile 120/Per Box	3 boxes
260004	3/4" dia. x 4", Large Wrapped, Non-Sterile 100/Per Box	3 boxes
260003	3/4" dia. x 2 3/4", Medium Wrapped, Non-Sterile 100/Per Box	3 boxes
260005	9/16" dia. x 2 1/2", Small Wrapped, Non-Sterile 100/Per Box	3 boxes

- Reduces the potential of compression on the endotracheal tube or laryngeal mask airway.
- Place between the back molars to protect the teeth & tongue - pressure is exerted on the back molars instead of the front teeth
- Individually packaged to protect the product from contamination until time of use (bulk is not individually packaged)
- 100% medical-grade cotton
- Latex free & absorbent
- Saves labor, cost and time (versus manually rolling gauze)

Earloop Face Masks

High Quality Earloop Face Masks are as integral to a dental procedure as the most expensive equipment in the room. After all, you cannot work without protection from airborne germs and fluids. Path-O-Guard® Level III earloop face masks give you just such protection without sacrificing breathability.

Item	Description	Case Count
400582	Path-O-Guard®, Level III Anti-Fluid - Blue 50 Masks	6 boxes
400589	Path-O-Guard®, Level III Anti-Fluid - Lavender 50 Masks	6 boxes

- Level III
- Meets ASTM F2100 Standards
- Level III Face Masks: BFE >98% and PFE >98% at 0.1 micron
- 3-ply
- Comfortable and non-irritating
- Latex free
- Anti-fluid protection
- Blue and lavender options

MEETS CURRENT ASTM-2100 STANDARDS FOR LEVEL 3 SURGICAL FACE MASKS:

- Bacterial Filtration Efficiency(BFE) : ≥98%
- Sub-micron Particle Filtration Efficiency (PFE) at 0.1 micron: ≥98%
- Differential Pressure: <5.0 mm H2O/cm2
- Resistance to penetration by synthetic blood: 160 mmHg
- Flame spread: Class 1
